

How to Choose a Network Marketing Company

by Holly Hierman

Hey! It's Holly!

I am the CEO of Fit Finances and former Vice President of Powder Blue Productions.

In this guide I will want to discuss with you why I selected a home business that I am in today. I'm going to cover my personal **top 5 reasons** why I decided to go with the company I'm with.

You will find out why I decided to go with **Beachbody** as my solution to work from home.

Reason #1

NEWER
COMPANY

Reason #1 is that Beachbody, when I began with it, was still a relatively new company.

And it still is a relatively new company today, in the multi level marketing space.

The reason that was really important for me is because I wanted to feel like I was on the ground floor and to be honest even though Beachbody itself has been around and very successful since 1998, the network marketing component is still very young. So the network of coaches and distributors is still very young.

Why is that important?

It's important because the **growth potential is gigantic!**

So when you're looking for your perfect match of the home business that you want to decide upon, I would say that you look for **a company that's been around for about 5-10 years.** That should be a good range for you to start in a network marketing company.

Reason #2

LONGEVITY

Reason #2 is longevity.
I knew right away that
Beachbody is legit, it's a
thing that actually works.

And what I mean by that is that I knew that the
products and the solutions that they developed
at Beachbody are no joke, aren't just for dropping
weight quick and that's it.

It is **legitimate fitness**, it's **legitimate health**,
all **natural products**, all just **amazing fitness
programs**. So this are real products and programs
that work **IF** you do them.

It's not just about a quick fix!

Reason #3

HUGE
POTENTIAL
MARKET

Reason #3 is the huge potential market. This isn't something that is just a niche market.

Think about all the people that you know that just want to feel better, feel healthy, feel less stress.

I bet you can probably come up with 5-10 people right off the top of your head.

The obesity epidemic in US is huge, in fact it's really sad to look at how it's affecting our children and if we don't start to do something about it, it's going to become even more of a national crisis.

Something like Beachbody has a potential of huge customer base. And that was really important for me when I was looking at different multi level marketing companies to become a part of.

I want to be part of the solution and Beachbody is behind that 100%.

Reason #4

SOMETHING
YOU CAN
BELIEVE IN

Reason #4 is that Beachbody is something that I can believe in.

Think about it! It's health and fitness. Helping people feel better about themselves, boost their confidence and just increase their overall wellbeing and quality of life. That's something that I can really stand behind and really become passionate about.

All of the supplements are all natural as well, so everything you get from Beachbody is always all natural so you know that you're getting good quality ingredients as well.

In fact, I trusted it so much that I gave it to my whole family. I will give to my own children as well. That's how much I stand behind and trust the products that they come out with.

Reason #5

UNIQUE

Reason #5 is that Beachbody is so unique. It's unlike any other network marketing company from out there.

In the previous guide I talked about how to choose a network marketing company and the various bonuses you get from them. Beachbody has most of them if not all.

You automatically get **25% commission**. Doesn't matter if you only sell a \$5 product. There are no quotas or minimum sales that you have to achieve before getting paid. That is huge!

Another great reason is that they offer not only **customer support**, but they also offer **tech support** and **support for their distributors** and they offer **company wide training**.

Additionally, Beachbody **gives you customers**. You don't even have to go out and find your own customers. Once you have just 2 people that have joined your team, Beachbody will start **giving you customers**.

Also Beachbody **handles all the inventory for you.** You don't have to have any inventory, you don't need to worry about shipping, you don't have to worry about returns and that is beautiful.

Another great reason is that we have **100% money back guarantee.** So if customers aren't satisfied with the products then they can send them all back and get all of their money back, which of course gives you the confidence to let your customers know that if they're not 100% satisfied they can send it back and get a full refund.

Finally, the **brand awareness.** You can probably walk down the street and run into somebody that know who **Tony Horton** is or **Chalene Johnson** or **Shaun T** or at least heard of their DVD programs. They have become house names, because the corporate has already done all the marketing for you!

So why is Beachbody unique? These are just the top reasons:

- **25% commission**
- **Customer support**
- **Tech support**
- **Distributor support**
- **Company wide training**
- **Gives you customers**
- **No inventory**
- **No shipping and returns worries**
- **100% money back guarantee**
- **Brand awareness**
- **plus so much more...**

Thank You!
